Kramer was taken to the Morrisania Police Court and arraigned before Magistrate Barlow. After the little girl had told her story the Court held the prisoner in \$600 ball and sent word to Capt. Kramer denied the charge of the Dwyer girt, and said that he had not even spoken to the child. He lives, he says, at No. 453 East One Hundred and Thirty-eighth street. BLUECOAT PLUNGES INTO HARLEM MERE, SAVES MAN.

John M. Mahr, a veteran patrolman of the Arsenal station in Central Park, who returned from a sickbed cally Monday, jumped into the Harlem More, a small lake in the upper part of the park, and rescued Morris Cohen, twenty-two years old, a weaver of No. 1446 Park avenue, who attempted sul-

BROOKLYN LEADS IN HEAT PROSTRATION.

It is always the case when a hea wave settles on the city, Brooklyn started the day by leading in the record of deaths and prostrations. Seven of the eleven prostrations reported from the hospitals up to the noon hour were in Brooklyn and two of the four deaths ecurred in that borough.

A decision which will bring dismay to thousands of troubled folk whose sleeping quarters are made furnaces by the excessive heat was that announced today by Park Commissioner Stover, which was that the public parks would be closed to sleepers if he can enforce this order. Commissioner Stover gave no reason why he intended to close the parks other than his conviction that some people were prone to convert privliege into license.

The first reading of the official thermometer on top of the Whitehall Building, whose record is always from 5 to 10 degrees lower than the measure of heat in the streets below, gave the temperature at 8 o'clock as 78, one degree higher than it was at the same hour yesterday.
